

Call for Papers

19th Conference on Robots and Vision (CRV 2022)

Toronto, Ontario, Canada | May 31- June 2, 2022 | www.computerrobotvision.org

The 19th Conference on Robots and Vision seeks high-quality paper submissions from all aspects of robotics and computer vision. In particular, CRV 2022 invites contributions in the following areas:

3-D Point Clouds, Depth Cameras	Early Vision	Multi-Robot Systems
3-D Reconstruction	Environment Modeling	Object Recognition and Detection
Active Perception	Faces, Gestures, Body Poses	Perceptual Organization
Activity Recognition	Features: Detection, Description, Matching	Photogrammetry, Remote Sensing
Attention	Field Robotics	Real-Time Perception
Biologically-Motivated Perception	Grasping	Reinforcement Learning
Biometrics	Human-Robot Interaction	Representation Learning
Calibration	Image Retrieval	Robust/Adaptive Robotic Control
Camera Networks	Localization, Mapping, Odometry, SLAM	Segmentation
Classification	Machine Learning for Perception	Sensor Fusion
Computational Photography	Manipulation	Sensor-Based Navigation and Control
Convolutional Networks	Medical Imaging	Shape Representation
Deep Learning	Mosaicking	Software Tools for Vision & Robotics
Document Analysis	Motion and Tracking	Vision for Autonomous Vehicles
Domain Adaptation, Transfer Learning	Motion and Path Planning	Visual Servoing

Important Dates

Paper Submission Deadline: February 26, 2022
Decision Notifications: April 8, 2022
Camera-Ready Deadline: April 29, 2022
Conference: May 31 - June 2, 2022

Submission Guidelines

Submissions must be standalone papers, of 4-8 pages in length and in [IEEE format](#). Papers must describe original research. Duplicate submissions to other conferences or workshops are strictly prohibited.

We are planning an **in-person conference in Toronto**. Before submitting to CRV 2022, please ensure that at least one author of each accepted paper is committed to register and physically attend CRV 2022 unless it is prohibited due to travel or health restrictions.

Conference Proceedings

Accepted papers will be published by the IEEEExplore.

For more information, contact the CRV 2022 program co-chairs:
Helge Rhodin, University of British Columbia
Hsiu-Chin Lin, McGill University
computerrobotvision2022@gmail.com

The Conference on Robots and Vision is sponsored by the Canadian Image Processing and Pattern Recognition Society (CIPPRS) and is jointly located with the Canadian Conference on AI
